- **Extra-curriculars:** RTC (Rewrite The Code), Girls Who Code, Crochet Club

EDUCATION

W. P. Carey School of Business, Arizona State University, Tempe, AZ May 2026

Bachelor of Science, Business Data Analytics

- Awards: Dean's List (Fall 2022, Spring 2023)

Barrett, The Honor's College

May 2026

- Thesis and Defence (November 2025)

PROFESSIONAL EXPERIENCE

Operations Analyst Program Intern, JP Morgan Chase, Tempe, AZ June 2025 – August 2025

- Increase operational efficiency across teams by designing and launching scalable education through Assessment Builder and utilizing Excel to track progress, ensuring consistent knowledge transfer and better cross-team collaboration
- Streamlined internal training operations by migrating curriculum from Survey Monkey to Assessment Builder, improving content accessibility and standardization

Teacher Assistant, Girls Who Code, Remote

May 2024 – August 2024

- Instructed over 180 students in game design for over three months using [p5.js](#) and Replit, leading 14-student cohorts every two weeks with hands-on debugging, grading, and mentorship
- Delivered high-impact coding lessons in sprite manipulation, interactivity, iterative design and game mechanics by collaborating with a five-member instructional team and adapting the Girls Who Code curriculum for engagement and clarity

Electrical Designer, Wright Engineering, Chandler, AZ

Month 2023– Month 2023

- Produced 40+ detailed lighting blueprints for parks, roadways, and apartment complexes across 30%, 60%, and 100% design phases, ensuring compliance with codes and client expectations
- Leveraged AutoCAD, Excel and word to analyze site data, track deliverables, and drive timely submittals

Projects

Girls Scout Gold Star Project Mentor

June 2025 - Present

- Provide advice and guidance to a Girl Scout on a project focusing on accessibility in FIRST Robotics

Honors Thesis and Defense: AI in Myoelectric Prosthetics

October 2024 – November 2025

- Utilized a Decision-Tree Machine Learning model in Python to make pincer grasp movements more intuitive for Myoelectric prosthetic hands and displayed it with a python-based animation visualization

Risk Mitigation and Agile Information Security Framework

January 2025 – April 2025

- Developed and presented a Risk Mitigation Timeline and Agile Information Security Framework to C-Suite executives

NorthWind Data Analysis

November 2023– December 2023

- Extracted and analyzed data to optimize cost structures and profitability utilizing Tableau, Microsoft Excel, and PowerPoint
